Front-End Development

Software Infrastructure

Server Side JavaScript

Eldad Yikne

Full-stack Developer @ Codere Online | Front-End Development,
Software Infrastructure

Merkaz Shapira, South District, Israel

Summary

As a Full-stack Developer at Codere Online, I contribute to software
development leveraging my expertise in front-end development,
server-side JavaScript, and software infrastructure. My work is
focused on creating robust and efficient digital solutions, utilizing
skills in JavaScript frameworks such as React, Redux, Vue.js, and
Angular, as well as Node.js and OOP methodologies.

With academic foundations in education from Hemdat-Hadrom
(BEd) and Bar-Ilan University (MA), I bring a unique perspective
to technology and problem-solving. Passionate about building
scalable software, I aim to support meaningful projects that align with
organizational goals.
